CONTEXT **F 557**.....

CUTTING **B XII**..... CO-ORDINATES: **1A 9-35** **1B 3-85**
~~East~~..... ~~North~~.....

DATE EXPOSED DATE COMPLETED

DESCRIPTION Post hole Between this small post and F558, which is another small posthole, and all around both, there is a large area of quite heavy disturbance. Hence we had to remove quite a lot of dislodged large stones before we could see the postholes. ~~It~~

~~COMMENT~~ **Phasing** I'm inclined to think that these holes link up with the

~~COMMENT~~
↓ Small ones in cutting **B XI**, and are possibly earlier than the larger postholes as all the small post holes both in **B XI** and **B XII** did not seem apparent until much of the larger stones had been removed (I think in the case of Mikes (**B XI**) he actually had removed what he thought was undisturbed bedrock before he saw his -)
