- layer of pit
- Ditch infill

## ASSOCIATED FEATURES.....

Shown on plan no. 2, 3

Section drawn, y/n ✓

If no, explain why.....

## ASSOCIATED FINDS

Geobase code:

## DESCRIPTION

2 large limestone (max dimension 0.6) local limestone lying in a group at the W side of 9501

## PHOTOGRAPHS

B/w number

Col number

Plan number

Section drawing reference

## Comments

On or close to stone layer 9565. No indication as to why they were placed here. Their size, shape strongly suggests a pavement (?? 6.6 with road) with stones sitting into "Pit" V97. Under 9515 is a chipples filled area (9515 ①). Section was drawn having removed the angle slab shown in V97 Plan 1.
